WILL TRY IT AGAIN

MARYVILLE CANNING FACTORY STARTS WITH RENEWED HOPE.

TO PROFIT BY MISTAKES

Will Specialize in Growing of Tomatoes and Peas — Will Can Product in September.

Profiting by his last year's mistakes E. Kuster, owner of Maryville's first canning factory expects to make a record showing this year in the canning business. Mr. Kuster will specialize in the growing of tomatoes and peas.

Mr. Kuster's farm, located one mile north of Maryville, is a busy place these days. He is putting out thousands of tomato plants which he expects to have matured by the first part of September. Then he will begin to can his product, having contracts from the grocers of the city to take all that he can prepare.

Last year Mr. Kuster and his nephew, H. E. Tosspon were associated together in business and specialized in the growing of early tomatoes. This was found to be a mistake as the tomatoes were ripe in August and made canning necessary during that month. Then the tomatoes spoiled faster than they could be attended to.

This year Mr. Kuster has waited until a month and a half later to plant his crop and he expects it to be ready for canning by the first of September, which he says will be a good time to do his canning.

Mr. Kuster expects his crop of peas to be ready first and he will prepare about 500 cans for early sale to the Maryville stores.

Mr. Kuster has one thing in his favor this year and that is a large supply of cans which have nearly tripled in price since he bought them last year. This will aid greatly in enabling him to make a little gain in his marketable product at the present high price.

Last September, Mr. Kuster marketed 2,000 cans of the tomatoes. He should have had 10,000 cans to sell but the mistake in early planting resulted in a shortage of tomatoes.

Mr. Kuster believes that Maryville is the right place for a canning factory and will work hard to make the venture profitable this year.

MURDER TRIALS GO OVER.

Case of William Richardson Will Not Be Taken Up Until Next Term.

The Richardson murder case, on application of the defense, in the criminal division of the circuit court yesterday was continued to next term, according to the St. Joseph News-Press. The case was tried in 1916 and resulted in a hung jury.

DR. H. A. SAWYERS RESIGNS

Leaves Savannah Pastorate After Five Years' Service—Highly Complimented on His Work.

Dr. H. A. Sawyers, brother of J. K. Sawyers and of Prosecuting Attorney W. G. Sawyers of Maryville, pastor of the Savannah Presbyterian church for the last five years, has resigned his position to take effect June 24. The Savannah Reporter has the following to say of his resignation:

The church is in excellent condition and ready for the pastor to take up the work and go on. Dr. Sawyers' many friends are sorry to see him go. He will ever be remembered and honored in Savannah as a conscientious, good man. He has been in the pulpit for thirty-two years continuously and his experience and patience are necessary to any successful pastor. No man has been suggested as yet to take Dr. Sawyers' place.

DUBINSKY'S CLOSING SHOW

Will Give Dramatization of Bertha M. Clay's, "Her Only Sin," at the Tent Tonight.

Dubinsky Brothers Stock company will close their highly successful two weeks' engagement in Maryville in their big tent tonight with a dramatization of Bertha M. Clay's famous book story, "Her Only Sin." The play is one of the best of the comedy dramas ever written and is one of the company's very best bills. A complete change of vaudeville specialties will be seen between the acts.

The engagement of Dubinsky Brothers show in Maryville is about the most successful from every standpoint of any theatrical company that has ever been here. The tent has been packed every clear night, and hundreds of persons have come as far as thirty miles away.

BARBERS TOP PRICE, $1,175

Paid for Yearling Bull at Sale Yesterday — 50 Animals Bring $28,680.

Village Viscount, a yearling bull brought $1,175, the highest price at the second annual Shorthorn sale held by F. C. Barber and Sons at their farm three and one-fourth miles west of Skidmore. The animal was bought by J. W. Brooks of Engleville, Mo.

Forty-five cows and five bulls were offered for sale, bringing $28,680 with an average price of $573.60.

The Maryville buyers were Bellows Brothers, who bought a cow, and E. Ogden & Sons, who purchased three cows.

F. W. Harding, secretary of the Shorthorn Breeders' association of Missouri, and C. D. Bellows of Maryville, made speeches at the beginning of the sale. The sale was cried by Cary Jones of Chicago. A large crowd was in attendance.

SCHOOL VACANCIES FILLED

Misses Lucile Holmes and Ruby Irwin Selected as Teachers at Washington School for Next Year.

Miss Lucile Holmes, daughter of Mr. and Mrs. G. B. Holmes and Miss Ruby Irwin, daughter of Mr. and Mrs. Will Irwin, were elected teachers in the Washington school for next term to fill the two places made vacant by the resignations during the last month. This was the principal business transacted by the school board, which met last night.

A yearly report of the public school activities was made by Supt. J. M. McDonald. The board ordered the Superintendent to confer with the physicians of the city and to see how far they would co-operate with the board in providing for medical inspection of schools. A report of their attitude will be made at the next meeting of the board.

PERSHING AT THE FRONT.

Special to The Democrat-Forum.

Paris, June 16.—General Pershing at the front today lunched with General Petain, commander-in-chief at French headquarters. The chamber of deputies authorized the remission of all military punishments and an allowance of a supplementary litre of wine in honor of the arrival of the American officers at the front.

Miss Reuillard Back.

Miss Ruth Reuillard, who has been attending school at Drake University, returned to Maryville Tuesday to spend the summer with her parents, Mr. and Mrs. F. P. Reuillard. Mrs. Reuillard and daughter, Marie, who are visiting relatives in Story City, Ia., and Webster City, Ia., will return to their home today.

BROWN IN COURT

IS ARRAIGNED BEFORE JUSTICE —SECOND DEGREE MURDER.

PRELIMINARY TRIAL SOON

Bail Fixed at $15,000, and Given Late This Afternoon — The Bondsmen Sign.

French Brown, charged with second degree murder of Lon Lyle, who died Wednesday night of injuries received in a fight, was arraigned before Justice of Peace W. L. Johnson at 1:30 o'clock this afternoon. The reading of the information was waived by the defendant's attorney, W. A. Blagg of Shinabargar, Blagg & Ellison, who accompanied Brown in court.

Judge Johnson selected next Friday as the date of the preliminary hearing.

Bail was fixed at $15,000 after the state, represented by Prosecuting Attorney W. G. Sawyers, had asked for a bond of $20,000 and the defense for a bond of $10,000.

This bond will be given late this afternoon. Mr. Brown said it would be signed by Roy Hanna, Lawrence Cummins, Howard Garrett, George Clary, Guy Clary, Fred Newlon, R. N. Barber, William Aesdale, Ed Griffith, A. Griffith, Fred Griffith, and Jess Beaver.

The information in part is as follows:

"French Brown willfully, premeditatedly, on purpose and of his malice aforethought, did forcibly strike, beat and hit, throw at and hit the said Lon Lyle, with a large glass bottle of the length of 10 inches and of circumference of 8 inches, causing a wound resulting in concussion of the brain from which the said Lon Lyle died. As a result of such manner and means the said French Brown did kill and murder the said Lon Lyle."

S. S. CONVENTION ASSURED

National Council of Defense Acted Hastily in Making Recommendation Says Convention Secretary.

The recommendation that no convention be allowed during war times was the result of too hasty action on the part of the National Council of Defense and is not expected to be acted upon. This is the answer of J. L. Barrett, secretary-treasurer of the National Convention association, who replied to the letter sent by Secretary E. M. Claypool, containing the protest of the Maryville Commercial Club against such an action.

Consequently, we will have the State Sunday School convention sometime in November as was previously planned.

NEGROES FAVOR THE WAR

Large Number Eager for Place in the Army — Has Good Chance in the Selective Draft.

Special to The Democrat-Forum.

Memphis, Tenn., June 16.—One of the surprising features of the selective draft in the South is the large number of negroes who are eager for a place in the army. Until recently there was room for but few negroes in Uncle Sam's fighting force. Negroes were turned away from recruiting stations, being told no new negro regiments were contemplated. At best, the recruiting officer took down their names and promised the War Department would notify them should more colored regiments be formed. In the selective draft the negro sees a chance to get into the army and he is letting no opportunity pass to be ready to answer the call.

DRESSINGS SENT

MARYVILLE ASSOCIATION SHIPS THEIR FIRST PRODUCT.

OFFERING NUMBERS 470

Appeal From France Spurs Women on to Greater Efforts—New Units Formed.

Maryville Surgical Dressings association this afternoon shipped 470 surgical dressings to the National Surgical Dressings headquarters in New York and from there they will go directly to France. This is the first offering of the surgical dressings units of Maryville to the war sufferers and represents the labors of a goodly band of women for the last two months.

"The work of the association in Maryville is very encouraging," said Mrs. E. G. Orear, chairman of the association, this afternoon. The dressings have been neatly made, and we are proud of our first shipment to the war zone. n the meantime the interest in the surgical dressings work throughout the county grows and three or four more units are in the process of formation."

The need for bandages and dressings is greatly felt in France, according to a letter received by Mrs. Orear from Mrs. Austin, head of the Paris branch of the committee, who appeals to the American women to hurry with the work. A part of this communication follows:

"The work has been so tremendous that you will never be able to send us all we need, I fear, and with all our efforts in Paris we cannot keep up. Think of 30,000 articles in one day and most days 20,000 or more articles go out.

"A few weeks ago I went to the Paris military hospitals to watch the Carrel treatment. By chance, I watched one of the nurses go to the cupboard for binders and slings. It was literally bare, except for a few rags. She explained: 'It is the most we can get.' The war has lasted so long that everything is giving out."

"We have more and more military hospitals on our books every week, and everything is needed. I see doctors and nurses every day, and get accurate information from them. Remember, we send only on demand and yet we are ready to weep many days when our shelves are empty and piles or requests are on the desk."

HAVE FAWNS AS PETS

Residents in Vicinity of Graham Say They Are Easily Caught and Raised.

Many persons in the vicinity of Graham have fawns as pets. Some years ago Dick Kyle, living south of Graham, had a herd of thirty deer, and when they became so numerous he turned them loose. Since that time they have been roaming "over hill and dale" in that part of the country, and easily caught. Those who care for them say that they are easy to raise after the first few months and make docile pets.

Those who have fawns in the Graham neighborhood are: Dr. Jim Loffer, 1; Al Thornton, 2; Jim Kavanaugh, 1; and Jerry Kennedy, 1.

"DRIVE" ORGANIZED

ALL READY TO BEGIN THE RED CROSS FUND CAMPAIGN.

RESPONSE IS REMARKABLE

Most Important Men in Large Cities Have Attended Conferences and Offered Their Services.

The strenuous "drive" to raise the fifteen million dollars asked of the States west of the Mississippi by the National Red Cross in its effort to raise a hundred million during Red Cross Week (June 18 to 25), has been successfully organized through the tireless efforts of the committee which has just finished its tour of the five districts in the Western territory.

Meetings were held in San Francisco for the California district north of Bakersfield and for Nevada; in Los Angeles for the California district south of Bakersfield, as well as for Arizona and Western Texas; in Portland for Oregon, Washington, Idaho and Montana; in Denver for Colorado, New Mexico, Wyoming, North Dakota, South Dakota, Utah, Iowa and Nebraska, and in Wichita for Kansas, East Texas, Arkansas, Missouri and Oklahoma.

In every city where these meetings were held, the response to the call was remarkable for the promptness of the answer to the appeal and for the enthusiasm manifested. The most important men in the community have attended the conferences and tendered their personal services as well as promised substantial contributions. A carefully organized canvass of each community has been prepared; team captains have been selected from the strongest men available, and the details of the campaign have been worked out on the same lines which have proved so successful in those cities where Y. M. C. A. campaigns for buildings and other endowments have been conducted.

In each city and district the canvass will be as thorough as organization and enthusiasm can make it. No possible source of money will be overlooked, and no method of arousing interest in the undertaking will be slighted. Billboards, street car advertising signs, posters, striking and artistic, circulars, stamped envelopes, and slips in mail will all be used in bringing to the attention of all the people the urgent need for raising the big sum which has been asked for military and civilian relief at this initial stage of the war.

N. G. A. TO HAVE ARMY OFFICERS.

Washington, June 16.—The general staff today decided to assign regular army officers to command various units of the national guards where governors and adjutant-generals have made requests for such officers.

GREAT OPPORTUNITY

TRADE WEEK, JUNE 23-30, WILL BE CHANCE OF LIFETIME.

MERCHANDISE OFFERINGS

Every Merchant in Maryville Will Have Stock in First Class Shape For Bargain Hunters.

For six days, commencing Saturday, June 23, and ending Saturday, June 30, the people in Nodaway county and, in fact, in this section of the state will be given the greatest opportunity of their lives to lay in a supply of all kinds of seasonable merchandise at prices which are not surpassed in any town or city in the country. The occasion will be known as the "Trade Week" or "Special Refund Week."

Practically every merchant in Maryville will have his stock in first class shape, and those in need of anything from a dish pan to a complete outfit, shoes and all, should come to Maryville and lay in a supply of quality merchandise.

Not only are the merchants offering merchandise of special merit (for this they always do), but in addition to this they will refund the fares of all out-of-town customers who buy anything to speak of at all. So it can be readily seen that it will be a great opportunity for the people of this section to lay in supplies of everything they may need for some time to come.

Many wonder why the merchants of Maryville have united in a movement of this kind but the reason is simple when explained. They know that Maryville is well located, and that its merchants are up-to-the-minute with large and exclusive stocks. They are sure that purchasers will be pleased with their goods and with their prices.

So during the week commencing June 23, the merchants united in this movement agree to refund the fares of all out-of-town customers on these days. The plan met with the approval of practically every leading merchant in Maryville and as a result it will mean one of the biggest trading opportunities ever known in this section.

Mr. and Mrs. E. C. Botkins of Skidmore was a Maryville visitor yesterday.

ENVELOPE PROTECTS IT.

Obvious advantages appear in articles of food packed in germ proof packages, such as fruits or nuts with skins or shells so impervious to germs that the enclosure is practically sterile no matter what happens to the envelope. The phrase at the head of this article is the name applied by an editorial writer in the Journal of the American Medical Association to the ordinary banana, whose skin, he says, is "a protective environment that cal's for more than passing mention." The banana, he tells us, while still growing in popularity is still under-estimated in American households, largely because it is eaten when not fully ripe.—Literary Digest.

WANT THE STAMPS SAVED

Post Office Employes Urge Use of High Denomination Postage As Measure of Economy.

The Third Assistant Postmaster General has issued the following:

As a measure of economy postmasters and postoffice employes are directed to encourage the public to use stamps of the highest denominations suited to the amount of postage required on all mail. For example, a 2-cent stamp instead of two 1-cent stamps should be affixed to letters needing 2 cents postage, and a 10-cent stamp instead of five 2-cent should be attached to parcels requiring 10 cents postage. Co-operation between postoffice employes and the public in the sale and use of stamps of the higher denominations will effect a large saving to the Government in the cost of producing, transporting, and canceling them, and will benefit the public in minimizing the number of stamps handled and affixed to mail. This benefit will be especially important to business concerns mailing large quantities of letters and parcels, and postmasters are directed to bring the suggestion particularly to their notice.

Postmasters will cause this suggestion to be published in the newspapers when it can be done without expense to the department. A. M. DOCKERY, Third Assistant Postmaster General.

GERMANS LIKE NETTLES

Weed Cultivated in Enormous Quantities, Both for Food and for Clothing.

Special to The Democrat-Forum.

Munich, June 16.—A food which was much used and liked by the ancient Teutons, but had been forgotten for many centuries, has again appeared on the German tables under the dire necessity of the war time—the nettle.

The weed, which is now cultivated in enormous quantities and has largely replaced cotton for cloth, is cooked like spinach and also used for soups and other dishes. As the plant contains much sugar and chlorophl it has a considerable food value and it tastes better than spinach.

In Sweden, where many of the ancient Teutonic customs have survived nettles have always been eaten, and lately they have been sold canned. In some parts of Southern Germany "nettle dumplings" were formerly considered a delicacy of the spring season.

Mrs. Ida Persons went to Shenandoah, Ia., yesterday to visit for a couple of weeks with relatives.

Mrs. D. F. Shupe, who has been seriously ill for several weeks, is reported unimproved.

DEATH WAS ACCIDENTAL.

Nothing to Show Foul Play in Death of Patrolman James H. Killion.

Nothing important was developed in the case of the death of James H. Killion, the police patrolman whose body was found early yesterday morning on the railroad crossing at Fifth and Hickory streets, at the coroner's inquest late yesterday afternoon. It had been thought by some that the officer might have been the victim of foul play, but the verdict of the jury was that he was killed by a locomotive while attempting to cross the Burlington tracks.

The body will be taken to the family's former home at Mound City, Mo., this afternoon, and the funeral will be conducted there at 10 o'clock tomorrow morning under the direction of the Masonic Lodge of Mound City. Members of St. Joseph police board and the police force raised a fund of $129, which will be presented to the patrolman's widow. A guard of policemen will accompany the body to the train this afternoon.—St. Joseph News-Press.

BRITISH RECRUITING FAST

Most of the New York Recruits Say They Lacked Money to Enlist Before.

Special to The Democrat-Forum.

New York, June 16.—American recruiting records were broken here when the new British recruiting station just opened in lower Broadway enlisted 250 men in a day. There was a swirl of loyal Britons around the offices which made the United States Army officers in a station a few doors away envious.

Most of the recruits said they had not enlisted before because they hadn't the money to get to Canada or Great Britain. Editors, actors, butlers and valets were prominent among the "rookies." A remarkable feature was that only ten per cent of the applicants were rejected. Colin Campbell, an actor, when told he was over age, insisted on "doing his bit" by becoming a clerk in the recruiting office.

PLANT KAFFIR NOW

IS EARLIER MATURING THAN THE OTHER VARIETIES OF DENT CORN.

HAS GOOD FOOD VALUE

Soil Preparation Is About Same As for Corn — Especially Profitable in Dry Season.

When it is too late for corn, plant kaffir. This is a suggestion by the department of farm crops of the Missouri College of Agriculture. Kaffir sorghum is earlier maturing than the ordinary varieties of dent corn and is better able to withstand heat and drouth.

In yield and feeding value kaffir compares favorably with corn. Yields of grain may range from 20 bushels per acre to as high as 75 bushels under exceptional conditions. Yields of silage will usually range between 8 and 12 tons per acre. In feeding value 100 pounds of kaffir grain is considered equal to 80 or 90 pounds of corn.

There are many varieties of kaffir, and other grain sorghums, but the black-hulled white kaffir is usually the best. This variety may be seeded, 4 to 8 pounds per acre, 2 to 4 weeks after corn planting time is past. The plants should stand from 3 to 9 inches apart in the row depending upon soil conditions. Special plates for seeding kaffir can usually be secured for corn planting machinery.

Soil preparation and cultivation for kaffir should be about the same as for corn except that the young kaffir plants are less injured by the harrow or weeder than young corn plants. The common opinion that kaffir is "hard on the land" is due to the cloddy condition of the soil sometimes following the growth of the crop. This condition is caused by the shallow root system of the plant and the exhaustion of the surface moisture. Fall plowing and manuring of kaffir land does much to correct this temporary bad effect.

When the growth of the kaffir or sorghum plants is stunted by dry, hot weather or when a weak second growth occurs, stock poisoning may result if the fields are pastured. This poisoning is due to the formation of prussic acid in the stunted plants. The poison disappears with the return of favorable growing weather or with the curing of the crop as hay or silage.

In sections too dry and hot for the successful growth of dent corn or where for any reason the corn crop is a failure, kaffir may well be used as a substitute.

IN SEARCH OF HIS SON

English Captains Find Body of Slain Boy As Allied Army Advances.

Special to The Democrat-Forum.

London, June 16.—A tragic story of how a father found his son's grave on the battlefield in Northern France has just reached London. Late in March Captain Eldred Wolferstan Bowyer-Bower, of the British Air Corps, went up to make a reconnaissance. Eye-witnesses said he had flown about five or six miles behind the Hindenburg line when he was attacked by six German flyers. The Englishman's machine was seen to fall and nothing more was heard of him.

The British advance came weeks later. In the vanguard was a detachment of Royal Engineers, which included the missing airman's father, Captain T. Bowyer-Bower. The father heard that not far away was a grave marked by a cross made from pieces of a wrecked aeroplane, which bore in pencil the words: "Two unknown captains of the Flying Corps."

Knowing that his son had been brought down close by, he determined to inspect the grave. The number on the remains of the aeroplane convinced him that his son lay buried there. And stuck on to the primitive cross with a piece of mud was a tag of a tunic bearing the name of the London tailor who had made his son's uniform.

Permission was obtained to exhume the body, and the father found that it was that of his son. The bodies were removed to a cemetery a few miles away, and while they were being placed in coffins the Germans shelled and sniped the men engaged in the task.

Mr. and Mrs. J. O. Miller and Mr. and Mrs. J. C. Spahr of Skidmore were guests yesterday of Mr. and Mrs. J. E. James of Maryville.

Visitors at Gex's.

Florin Gex and daughter, Mary Charlotte, of Lipscomb, Tex., arrived in Graham Thursday night for a visit with his parents, Mr. and Mrs. Robert Gex, Sr.

SOCIETY & CLUBLAND

By MISS NELLE FITZGERALD

Hanamo phone 42, Farmers phone 114

Ladies' Aid Meeting.

The Ladies' Aid society of the First Methodist church met yesterday afternoon at the Epworth League rooms. About twenty members were present. Only a short business session was held.

Eversole's to Entertain.

Mr. and Mrs. Ralph Eversole will entertain the members of the Tuesday Afternoon Bridge club, their husbands and a few other friends at a bridge party given tonight at their home on South Buchanan street.

Mrs. Florence Ibbs Married.

A wedding of interest to her many Maryville friends was that of Mrs. Florence Ibbs and Mr. Edward Cunningham, which took place Saturday, June 9, at Ferguson, Mo. The bride, who was formerly Miss Florence Bovard, is a sister of Oliver K. Bovard of Maryville.

Mrs. Hooker, Hostess.

Mrs. Hal Hooker, assisted by Mrs. C. D. Hooker, entertained four tables of dominoes this afternoon at her home on North Main street. A pink and white color scheme was appropriately used, and refreshments were served by the hostesses, assisted by Miss Halcyon Hooker, Miss Rita Crews, and Miss Wiley Ecton.

For Wedding Anniversary.

Mr. and Mrs. O. C. Wallace entertained with a three-course dinner last night at their home in honor of their seventh wedding anniversary. Mrs. Wallace was assisted in serving by Mrs. M. L. Powell. Those present were: Mr. and Mrs. Lester Sipes, Mr. and Mrs. W. G. A. Edwards and daughter, Augusta, Ross Humberd, Mrs. M. L. Powell, John Curtis Wallace and the host and hostess.

To Spend Summer Here.

Miss Mary Josephine Honnold of Chicago, arrived in Maryville Wednesday to spend the summer with her grandmother, Mrs. Mary J. Honnold and her aunt, Mrs. George P. Bellows. Miss Honnold is entertaining with a week-end house party. Miss Bernice Crawford, of Horton, Kan., and Miss Marion Sanders are her guests.

Miss Honnold's mother, Mrs. F. C. Honnold and little daughter, Virginia, will arrive in Maryville Tuesday for an extended visit.

Swaney's Entertain.

Mr. and Mrs. G. H. Swaney entertained Thursday night at their home east of Pickering, in honor of their daughter, Mrs. A. W. Smith and her two sons, Albert and George, who left on Friday for their home in Hitchcock, S. D. The evening was spent playing games, after which ice cream and cake were served by the hostess. The guests included: Mr. and Mrs. W. A. Loch and children, Earl, Chloe and Glenn, Mr. and Mrs. John Godsey and son, Elbert, Mr. and Mrs. Byron Hanna and daughter, Loreta, Mr. and Mrs. W. A. Swaney and sons, Herbert and Lester, Mrs. W. R. McKee and daughter, Lois, Mr. and Mrs. G. H. Swaney and children, Everett, Esther, Elma, Roy and Marguerite, and Merle Colman.

Tobin's Entertain.

Mr. and Mrs. T. J. Tobin entertained with a party last night at their home near Burlington Junction in honor of the birthday anniversary of their son, James. Various games and music entertained the guests. Refreshments were served by the hostess. The guests were: Mr. and Mrs. James Messbargar, Mr. and Mrs. Ed Cummins and Mr. and Mrs. Emmett Cummins of Burlington Junction, Tom, Martin and Ella Farrell and Christina Waldier of Parnell, Irene and Florence Corcoran, Dorothy and Sam Allen, Harold and Cornelius McManus, Laura and Christina Berg and James Brady of Conception, Golda and Hazel Pope, Raymond Murrin, Florence Vaughn, Marguerite Cummins, Beatrice Growney, Mary and Helen Tobin, John Vaughn, Thomas Tobin, Lee and Fred O'Riley of Maryville, Will Cummins, Robert Tobin, Katherine, Irene, Edward and Francis Tobin, Mayme and Gerald Cummins of Burlington Junction, the honor guest and the host and hostess.

Burks-Hackett Wedding.

At the country home of Mr. and Mrs. William Burks, near Pickering, early this morning at 6 o'clock a very quiet and beautiful wedding was solemnized, when their daughter, Hazel, and Erma Hackett took the marriage vows, the Rev. E. H. Hutchison of Pickering officiating. Only the immediate families witnessed the ceremony. Their pastor proceeded them to the altar as the bride's sister, Mrs. Howard Null, played the Lohengrin Wedding march. During the ceremony the Rose Melody was played softly. The bride wore a beautiful dress of green taffeta with white kid gloves, boots and hat, and carried an arm bouquet of roses and lilies of the valley. Following the ceremony the bride and bridegroom led into the dining room where a delicious three-course wedding breakfast was served, the color scheme of pink and white being carried out. In the center of the table was a cut glass basket filled with beautiful pink and white roses. Roses, ferns and peonies were used throughout the house in artistic decorations. The couple took the train at Burlington Junction for St. Joseph, Kansas City and other points. They will be at home to their friends after July 1, at the home of the bridegroom's parents, Mr. and Mrs. George Hackett, near Pickering.

Mr. and Mrs. Hackett have many friends who will wish for them a long and happy life.

Division "B" Gives Musicale.

About fifty persons attended the musicale given yesterday afternoon at the Christian church by Division "B" of the Ladies' Aid society. The small tables at which refreshments of ice cream; strawberries and cake were served were centered with flowers. Lora Mae Crossan sang a solo, and several selections were played on the victrola. The most interesting part of the program was the opening of the mystery box. This box was sent from house to house with samples of handkerchiefs, collars and various other articles with which to please and delight a woman's fancy. Each woman left an order in the box for what she wanted and this order was filled by Mrs. Hosea Torrance. At the opening each woman paid for and received her order. This money will be used for the benefit of the missionaries. A silver offering was also taken at the door. Those in charge of the entertainment were: Mrs. James B. Robinson, Mrs. Hosea Torrance, Mrs. Luther Forsyth, Mrs. Edward Wright Gray and Mrs. L. G. Crossan.

Joe Trullinger of the Harmony neighborhood was a Maryville visitor yesterday.

Get a Motorcycle This Year

IF you are fond of hunting or fishing you know that the best sport is to be had in those sections which are not reached by the railroads.

Most of these places are easily accessible to the owner of a

Harley-Davidson

Besides being able to reach your favorite outing grounds at ***less cost*** you will be ***independent of time tables,*** and you can go and come ***as you please,*** if you have a motorcycle.

If you want to take a companion with you, you can attach a sidecar and the transportation cost will be about one-fourth as much as railroad fare for two.

The 1917 Harley-Davidson motorcycle is the greatest motorcycle we have ever seen. It's a beauty, and has more power and speed than you will ever have to use.

Get in touch with us now—don't put it off. We want to show you what the Harley-Davidson will do, and we can arrange terms to suit your convenience. There will be absolutely no obligation to buy.

No Matter How Powerful or Steady Your Engine is, your Auto is a nuisance If it Has Poor Tires

The first problem is to select good tires, take care of them and to get them repaired when needed. When something happens and your tires do go wrong, the next thing is to have them REPAIRED RIGHT.

We have the BEST EQUIPPED tire repair shop in Northwest Missouri and the only re-treading machine.

Do not be mis-led into believing that SEWING TIRES TOGETHER is re-treading. Sewing tires is a harness maker's job not a tire man's. We will be honest with you if your tire is not worth repairing, we will tell you. Our eleven years experience should place us in a position to know.

COMMUNICATION

Appreciates People's Confidence.

In reply to the Pickering correspondent in the Hopkins Journal, will say that I do so appreciate the expression of courtesy and confidence, given me by the citizens of Pickering, and if it were the pleasure of the people of Nodaway County and of Governor Gardner, would do my utmost to complete the work left unfinished by Judge Wm. H. Conn.—Mabel E. Hunt Miller.

Bellows' Guests Leave.

Judge and Mrs. W. E. Henningway of Little Rock, Ark., Mr. and Mrs. Dale Lewis of Fayetteville, Ark., and Mrs. P. H. Griffin of Drummond, Mont., and Mr. Sawyers of Fayetteville, Ark., who attended the Ogden and Bellows cattle sales and were guests of Mr. and Mrs. C. D. Bellows, leave today for their homes.

Will Visit Grandparents.

Grace Delight Buckland of Springfield, Mass., arrived in Maryville Friday, and will spend the summer with her grandparents, Mr. and Mrs. J. W. Ray.

Mattie Fanning of Savannah is visiting friends in Maryville.

Miss Opal McCurry and Miss Pearl Barton went to Kansas City this morning on business.

HURRYING FOOD BILLS.

Special to The Democrat-Forum.

Washington, June 16.—The senate agriculture committee responded to the president's desire for quick action on the food legislation today by agreeing to report the Lever food control bill without recommendation in exactly the same form as recommended by the house agriculture committee. It will be laid before the senate some time this afternoon.

GHETTO PROTESTS DRAFT.

Special to The Democrat-Forum.

New York, June 16.—Two hundred women of the Ghetto this afternoon stormed the City Hall to give protest to the mayor against the conscription law. The police reserves were called and when the police attempted to drive the women back, they were attacked, hatpins being used. Several police were injured. Three women were arrested.

WATERS TO REPRESENT KANSAS.

Special to The Democrat-Forum.

Topeka, June 16.—The governor named Henry J. Waters chairman of the state council of defense to represent Kansas in the conference at Washington to consider plans connected with the cantonment camp at Fort Riley.

AMERICAN SCHOONER ATTACKED.

Special to The Democrat-Forum.

Washington, June 16.—The consular report to the state department today told of an attack on the American schooner, Ritter, by a German submarine. The vessel was damaged by shell fire, but not sunk. It was towed to an unnamed port.

Inspiration Miscellany

On Having Initiative

Matthew C. Brush was once a Chicago newsboy. Today he is the president of the Boston Elevated railroad. In an article by Alfred Grunberg in the American Magazine we read:

"The qualities that stand out the strongest in his own amazing career are the qualities which Matt Brush demands most emphatically in his men.

"'What can an employee do to attract your attention the most quickly and surely?' I asked him.

"'Show initiative,' he replied instantly. 'Without initiative any man will have a rocky, uphill road, with poor pickings all along. One of the greatest of all handicaps is the fact that it is easier to let other men think for you than to think for yourself.

"'One of our crane operators was going home around 6 o'clock in the evening when a five ton girder dropped on the track from a big six horse truck. The girder blocked the track completely and tied up traffic.

"'Now, this man was off duty. He couldn't have been censured if he had said to himself: "This is none of my business. I've done my day's work and I'm through. Let the night force attend to it."

"'Instead, he called up the roadmaster of the surface line, told him what had happened and asked permission to get a crane from the yards and clean up the obstruction. In an hour this man had cleared the track, whereas if he had gone on home it would have taken three or four hours to do it. Having initiative, doing things—that is what clears the road to success.'"

Self Mastery.

Remember that in life you ought to behave as at a banquet. Suppose that something is carried round and is opposite to you. Stretch out your hand and take a portion with decency. Suppose that it passes by you. Do not detain it. Suppose that it is not yet come to you. Do not send your desire forward to it, but wait until it is opposite to you. Do so with respect to children, so with respect to wealth, and you will be some time a worthy partner of the banquets of the gods. But if you take none of the things which are set before you and even despise them then you will be not only a fellow banqueter with the gods, but also a partner with them in power.—Epictetus.

Profit In Opposition

I love a strong and manly familiarity in conversation, a friendship that flatters itself in the sharpness and vigor of communication. It is not vigorous and generous enough if it be not quarrelsome, if civilized and artificial, if it treads nicely and fears the shock.

When any one contradicts me he raises my attention, not my anger. I advance toward him that controverts, that instructs me. The cause of truth ought to be the common cause both of one and the other.

I embrace and caress truth in what hand soever I find it and cheerfully surrender myself and my conquered arms as far off as I can discover it and, provided it be not too imperiously, take a pleasure in being reproved and accommodate myself to my accusers, very often more by way of civility than amendment, loving to gratify and nourish the liberty of admonition by my facility of submitting to it.

In earnest, I rather choose the frequentation of those that ruffle me than those that fear me. 'Tis a dull and hurtful pleasure to have to do with people who admire us and approve of all we say.—Thomas Fuller.

HAZEL DAWN TONIGHT.

After Completing a Successful Starring Season on the Stage She Returns in the Films.

Hazel Dawn, who recently completed her successful starring tour in "The Debutante," and who, it will be pleasantly recalled, made her debut in motion pictures in "One of Our Girls," a former Famous Players production, in which she sprang into immediate international popularity as a film favorite, returns to the screen in an elaborative 5-part photo-adaptation of the famous stage success, "Niobe," by Harry and Edward A. Paulton. "Niobe" is the comedy of a Greek statue that comes to life and has a great deal of amusement—and some sorrow. This picture will be shown at the Empire Theatre tonight.

George B. Baker and George Robb Ellison returned this morning from Jefferson City.

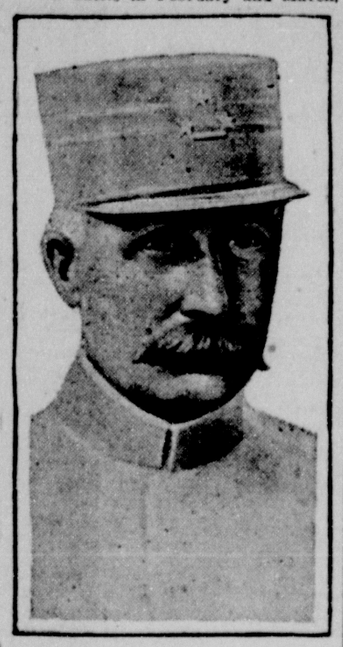
Draft Card From Canada.

The registration card of Richard Kuchs of Toronto, Can., son of Mr. and Mrs. R. Kuchs of this city, was received today by County Clerk Fred Yeomans. The card was made out before the U. S. Consul at Toronto.

Guy Horne of Elmo was brought to the St. Francis hospital this morning where he underwent an operation. He is in a critical condition.

General Petain, New French Chief of Staff

General Petain, who has been appointed chief of staff of the French army, commanded the French forces defending Verdun during the critical stages of the battle in February and March,



GENERAL PETAIN.

1916. It is said that General Nivelle, whom he succeeds, is thoroughly satisfied with the new conditions.

Henri Philippe Petain is sixty-one years old and is said to look fifty. Like many another general in the present war, he is a discovery of Marshal Joffre. At the beginning of the war he was a retired colonel, noted for his virile character and his technical knowledge. Joffre made him a brigadier general. With that rank he took part in the terrible retreat from Charleroi in the early weeks of the war. He then passed rapidly through the grades of divisional general, army corps commander and finally army commander.

Smartly Said

Charity in the form of a fad is better than none at all.

The feeble chaps who really need canes hate to carry them.

Satan has no temptation that is so difficult to resist as graft.

One may often profit by failure—if the receiver does not want it all.

The propensity to argue is evidence of conceit.

As a rule the traitor always has a sanctimonious face.

In profanity it is not so much what one says as the manner in which it is uttered.

The gentleman full of war talk generally has a lame shoulder when it is time to pick up the musket.

Mother's Doll Story

The Daisy Doll

Once upon a time a little bit of a girl had measles. Her name was Fanny, and measles meant that she had to stay in bed a lot of days, be read aloud to and swallow all kinds of milk.

It also meant that Fanny got lots of nice picture books, a new wax doll, two sets of teacups and a new dress. Don't you wish every little sick girl got as many presents?

One day in came Fanny's brother with a handful of daisies. Fanny was almost well by this time, and her brother had had measles. So he was allowed to put his hand in the door and throw the daisies right on to Fanny's bed.

"Oh, look, mamma!" cried Fanny, and she picked up all the daisies. It was almost as much fun as picking them in a meadow.

Then Fanny's mamma did a clever thing.

"How would you like a daisy doll, Fanny?" she asked.

She then took a pair of blunt scissors and clipped the daisy petals, all but two. These were left for cap strings, and the cut petals made the frill of the cap. Then, with pen and ink she made a cute little face, right on the middle of the yellow center. And soon Fanny had a whole handful of daisy dolls. If you don't believe it try a daisy and see for yourself.

A Feat With the Feet.

Place a cork upon the floor. Measure four lengths of your foot from it and, standing at this distance, attempt with one foot to kick the cork over and recover position (both feet together) so that the foot that does the kicking does not touch the floor till it has returned to its mate. The efforts of any one trying to maintain a balance in performing this stunt will arouse considerable mirth.

Enigma.

My whole is a Hindu god whose name contains ten letters.
My 7 9 10 is a kind of fruit.
My 10 8 7 is to convert into leather.
My 7 5 10 is to capture or entangle.
My 3 9 7 is a weapon.
My 1 2 3 is an earthen vessel.
My 6 2 7 is a rapid pace.
Answer — Juggernaut. Words — Nut, tan, net, gun, tug, run.

COMBATTING FLIES

"DOMESTIC HOUSE FLY" IS REALLY AGENT OF TYPHOID.

WAY TO RID THE HOUSES

True Way of Approaching Problem Is to Prevent Breeding By Destroying Breeding Places.

Columbia, Mo., June 16.—"The fly season is with us once again. Fly swatting has already begun in this section of the country, and would be more under way except for the cold and damp spring which prevailed in our state," Dr. M. P. Ravenel of the department of preventive medicine of the University of Missouri says.

"Remember that insects carry diseases and that one of the worst is the so-called 'domestic fly,' which many people think should be renamed the 'typhoid fly.' The fly is a scavanger. It begins its life in filth, and throughout its existence is constantly feeding on filth. Unfortunately, it is not selective, and after feeding in a spittoon or garbage barrel will make its next meal in the dining room or on the baby's bottle or lips. Its body is covered with hairs, its feet end in claws, and if examined under the magnifying glass it appears ideally formed to pick up and carry filth.

"The true way of approaching the problem of the fly nuisance is to prevent breeding," Dr. Ravenel says. "Flies breed by preference in horse manure. This material should be the first object of our care. Within a few minutes after the dropping of the manure flies will deposit their eggs in it. If it is dried rapidly or buried deeply as fertilizer the hatching of the eggs is prevented. This is often not possible. Various attempts have been made to discover a cheap and efficient way of treating manure so as to prevent the hatching of eggs. One of the best methods is set forth by the U. S. Department of Agriculture, which consists in sprinkling the manure with powdered hellebore.

"For household use, fly poisons are to be recommended. The two best of these are formaldehyde and salicylate of soda, either one of which can be used in 1 per cent solution. For household use the salicylate of soda, the medicine largely used in rheumatism, can be used by dissolving three teaspoonfuls in a pint of water. This is speedily fatal to the flies and is not poisonous for children or animals. Besides it is more attractive to flies especially if a little sugar is added."

We desire to extend our heartfelt thanks to our friends and neighbors for the kindness and sympathy shown us during the illness and death of our mother, Mrs. Minerva Baker.

WILL TRY IT AGAIN

MARYVILLE CANNING FACTORY STARTS WITH RENEWED HOPE.

TO PROFIT BY MISTAKES

Will Specialize in Growing of Tomatoes and Peas — Will Can Product in September.

Profiting by his last year's mistakes E. Kuster, owner of Maryville's first canning factory expects to make a record showing this year in the canning business. Mr. Kuster will specialize in the growing of tomatoes and peas.

Mr. Kuster's farm, located one mile north of Maryville, is a busy place these days. He is putting out thousands of tomato plants which he expects to have matured by the first part of September. Then he will begin to can his product, having contracts from the grocers of the city to take all that he can prepare.

Last year Mr. Kuster and his nephew, H. E. Tosspon were associated together in business and specialized in the growing of early tomatoes. This was found to be a mistake as the tomatoes were ripe in August and made canning necessary during that month. Then the tomatoes spoiled faster than they could be attended to.

This year Mr. Kuster has waited until a month and a half later to plant his crop and he expects it to be ready for canning by the first of September, which he says will be a good time to do his canning.

Mr. Kuster expects his crop of peas to be ready first and he will prepare about 500 cans for early sale to the Maryville stores.

Mr. Kuster has one thing in his favor this year and that is a large supply of cans which have nearly tripled in price since he bought them last year. This will aid greatly in enabling him to make a little gain in his marketable product at the present high price.

Last September, Mr. Kuster marketed 2,000 cans of the tomatoes. He should have had 10,000 cans to sell but the mistake in early planting resulted in a shortage of tomatoes.

Mr. Kuster believes that Maryville is the right place for a canning factory and will work hard to make the venture profitable this year.

MURDER TRIALS GO OVER.

Case of William Richardson Will Not Be Taken Up Until Next Term.

DR. H. A. SAWYERS RESIGNS

Leaves Savannah Pastorate After Five Years' Service—Highly Complimented on His Work.

Dr. H. A. Sawyers, brother of J. K. Sawyers and of Prosecuting Attorney W. G. Sawyers of Maryville, pastor of the Savannah Presbyterian church for the last five years, has resigned his position to take effect June 24. The Savannah Reporter has the following to say of his resignation:

The church is in excellent condition and ready for the pastor to take up the work and go on. Dr. Sawyers' many friends are sorry to see him go. He will ever be remembered and honored in Savannah as a conscientious, good man. He has been in the pulpit for thirty-two years continuously and his experience and patience are necessary to any successful pastor. No man has been suggested as yet to take Dr. Sawyers' place.

DUBINSKY'S CLOSING SHOW

Will Give Dramatization of Bertha M. Clay's, "Her Only Sin," at the Tent Tonight.

Dubinsky Brothers Stock company will close their highly successful two weeks' engagement in Maryville in their big tent tonight with a dramatization of Bertha M. Clay's famous book story, "Her Only Sin." The play is one of the best of the comedy dramas ever written and is one of the company's very best bills. A complete change of vaudeville specialties will be seen between the acts.

The engagement of Dubinsky Brothers show in Maryville is about the most successful from every standpoint of any theatrical company that has ever been here. The tent has been packed every clear night, and hundreds of persons have come as far as thirty miles away.

BARBERS TOP PRICE, $1,175

Paid for Yearling Bull at Sale Yesterday — 50 Animals Bring $28,680.

Village Viscount, a yearling bull brought $1,175, the highest price at the second annual Shorthorn sale held by F. C. Barber and Sons at their farm three and one-fourth miles west of Skidmore. The animal was bought by J. W. Brooks of Eagleville, Mo.

Forty-five cows and five bulls were offered for sale, bringing $28,680 with an average price of $573.60.

The Maryville buyers were Bellows Brothers, who bought a cow, and E. Ogden & Sons, who purchased three cows.

F. W. Harding, secretary of the Shorthorn Breeders' association of Missouri, and C. D. Bellows of Maryville, made speeches at the beginning of the sale. The sale was cried by Cary Jones of Chicago. A large crowd was in attendance.

SCHOOL VACANCIES FILLED

Misses Lucile Holmes and Ruby Irwin Selected as Teachers at Washington School for Next Year.

Miss Lucile Holmes, daughter of Mr. and Mrs. G. B. Holmes and Miss Ruby Irwin, daughter of Mr. and Mrs. Will Irwin, were elected teachers in the Washington school for next term to fill the two places made vacant by the resignations during the last month. This was the principal business transacted by the school board, which met last night.

A yearly report of the public school activities was made by Supt. J. M. McDonald. The board ordered the Superintendent to confer with the physicians of the city and to see how far they would co-operate with the board in providing for medical inspection of schools. A report of their attitude will be made at the next meeting of the board.

BROWN IN COURT

IS ARRAIGNED BEFORE JUSTICE —SECOND DEGREE MURDER.

PRELIMINARY TRIAL SOON

Bail Fixed at $15,000, and Given Late This Afternoon — The Bondsmen Sign.

French Brown, charged with second degree murder of Lon Lyle, who died Wednesday night of injuries received in a fight, was arraigned before Justice of Peace W. L. Johnson at 1:30 o'clock this afternoon. The reading of the information was waived by the defendant's attorney, W. A. Blagg of Shinabargar, Blagg & Ellison, who accompanied Brown in court.

Judge Johnson selected next Friday as the date of the preliminary hearing.

Bail was fixed at $15,000 after the state, represented by Prosecuting Attorney W. G. Sawyers, had asked for a bond of $20,000 and the defense for a bond of $10,000.

This bond will be given late this afternoon. Mr. Brown said it would be signed by Roy Hanna, Lawrence Cummins, Howard Garrett, George Clary, Guy Clary, Fred Newlon, R. N. Barber, William Aesdale, Ed Griffith, A. Griffith, Fred Griffith, and Jess Beaver.

The information in part is as follows:

"French Brown willfully, premeditatedly, on purpose and of his malice aforethought, did forcibly strike, beat and hit, throw at and hit the said Lon Lyle, with a large glass bottle of the length of 10 inches and of circumference of 8 inches, causing a wound resulting in concussion of the brain from which the said Lon Lyle died. As a result of such manner and means the said French Brown did kill and murder the said Lon Lyle."

S. S. CONVENTION ASSURED

National Council of Defense Acted Hastily in Making Recommendation Says Convention Secretary.

The recommendation that no convention be allowed during war times was the result of too hasty action on the part of the National Council of Defense and is not expected to be acted upon. This is the answer of J. L. Barrett, secretary-treasurer of the National Convention association, who replied to the letter sent by Secretary E. M. Claypool, containing the protest of the Maryville Commercial Club against such an action.

Consequently, we will have the State Sunday School convention sometime in November as was previously planned.

NEGROES FAVOR THE WAR

Large Number Eager for Place in the Army — Has Good Chance in the Selective Draft.

Special to The Democrat-Forum.

Memphis, Tenn., June 16.—One of the surprising features of the selective draft in the South is the large number of negroes who are eager for a place in the army. Until recently there was room for but few negroes in Uncle Sam's fighting force. Negroes were turned away from recruiting stations, being told no new negro regiments were contemplated. At best, the recruiting officer took down their names and promised the War Department would notify them should more colored regiments be formed. In the selective draft the negro sees a chance to get into the army and he is letting no opportunity pass to be ready to answer the call.

DRESSINGS SENT

MARYVILLE ASSOCIATION SHIPS THEIR FIRST PRODUCT.

OFFERING NUMBERS 470

Appeal From France Spurs Women on to Greater Efforts—New Units Formed.

Maryville Surgical Dressings association this afternoon shipped 470 surgical dressings to the National Surgical Dressings headquarters in New York and from there they will go directly to France. This is the first offering of the surgical dressings units of Maryville to the war sufferers and represents the labors of a goodly band of women for the last two months.

"The work of the association in Maryville is very encouraging," said Mrs. E. G. Orear, chairman of the association, this afternoon. The dressings have been neatly made, and we are proud of our first shipment to the war zone. n the meantime the interest in the surgical dressings work throughout the county grows and three or four more units are in the process of formation."

The need for bandages and dressings is greatly felt in France, according to a letter received by Mrs. Orear from Mrs. Austin, head of the Paris branch of the committee, who appeals to the American women to hurry with the work. A part of this communication follows:

"The work has been so tremendous that you will never be able to send us all we need, I fear, and with all our efforts in Paris we cannot keep up. Think of 30,000 articles in one day and most days 20,000 or more articles go out.

"A few weeks ago I went to the Paris military hospitals to watch the Carrel treatment. By chance, I watched one of the nurses go to the cupboard for binders and slings. It was literally bare, except for a few rags. She explained: 'It is the most we can get.' The war has lasted so long that everything is giving out.'

"We have more and more military hospitals on our books every week, and everything is needed. I see doctors and nurses every day, and get accurate information from them. Remember, we send only on demand and yet we are ready to weep many days when our shelves are empty and piles or requests are on the desk."

HAVE FAWNS AS PETS

Residents in Vicinity of Graham Say They Are Easily Caught and Raised.

Many persons in the vicinity of Graham have fawns as pets. Some years ago Dick Kyle, living south of Graham, had a herd of thirty deer, and when they became so numerous he turned them loose. Since that time they have been roaming "over hill and dale" in that part of the country, and easily caught. Those who care for them say that they are easy to raise after the first few months and make docile pets.

Those who have fawns in the Graham neighborhood are: Dr. Jim Loffer, 1; Al Thornton, 2; Jim Kavanaugh, 1; and Jerry Kennedy, 1.

"DRIVE" ORGANIZED

ALL READY TO BEGIN THE RED CROSS FUND CAMPAIGN.

RESPONSE IS REMARKABLE

Most Important Men in Large Cities Have Attended Conferences and Offered Their Services.

The strenuous "drive" to raise the fifteen million dollars asked of the States west of the Mississippi by the National Red Cross in its effort to raise a hundred million during Red Cross Week (June 18 to 25), has been successfully organized through the tireless efforts of the committee which has just finished its tour of the five districts in the Western territory.

Meetings were held in San Francisco for the California district north of Bakersfield and for Nevada; in Los Angeles for the California district south of Bakersfield, as well as for Arizona and Western Texas; in Portland for Oregon, Washington, Idaho and Montana; in Denver for Colorado, New Mexico, Wyoming, North Dakota, South Dakota, Utah, Iowa and Nebraska, and in Wichita for Kansas, East Texas, Arkansas, Missouri and Oklahoma.

In every city where these meetings were held, the response to the call was remarkable for the promptness of the answer to the appeal and for the enthusiasm manifested. The most important men in the community have attended the conferences and tendered their personal services as well as promised substantial contributions. A carefully organized canvass of each community has been prepared; team captains have been selected from the strongest men available, and the details of the campaign have been worked out on the same lines which have proved so successful in those cities where Y. M. C. A. campaigns for buildings and other endowments have been conducted.

In each city and district the canvass will be as thorough as organization and enthusiasm can make it. No possible source of money will be overlooked, and no method of arousing interest in the undertaking will be slighted. Billboards, street car advertising signs, posters, striking and artistic, circulars, stamped envelopes, and slips in mail will all be used in bringing to the attention of all the people the urgent need for raising the big sum which has been asked for military and civilian relief at this initial stage of the war.

N. G. A. TO HAVE ARMY OFFICERS.

Special to The Democrat-Forum

Washington, June 16.—The general staff today decided to assign regular army officers to command various units of the national guards where governors and adjutant-generals have made requests for such officers.

GREAT OPPORTUNITY

TRADE WEEK, JUNE 23-30, WILL BE CHANCE OF LIFETIME.

MERCHANDISE OFFERINGS

Every Merchant in Maryville Will Have Stock in First Class Shape For Bargain Hunters.

For six days, commencing Saturday, June 23, and ending Saturday, June 30, the people in Nodaway county and, in fact, in this section of the state will be given the greatest opportunity of their lives to lay in a supply of all kinds of seasonable merchandise at prices which are not surpassed in any town or city in the country. The occasion will be known as the "Trade Week" or "Special Refund Week."

Practically every merchant in Maryville will have his stock in first class shape, and those in need of anything from a dish pan to a complete outfit, shoes and all, should come to Maryville and lay in a supply of quality merchandise.

Not only are the merchants offering merchandise of special merit (for this they always do), but in addition to this they will refund the fares of all out-of-town customers who buy anything to speak of at all. So it can be readily seen that it will be a great opportunity for the people of this section to lay in supplies of everything they may need for some time to come.

Many wonder why the merchants of Maryville have united in a movement of this kind but the reason is simple when explained. They know that Maryville is well located, and that its merchants are up-to-the-minute with large and exclusive stocks. They are sure that purchasers will be pleased with their goods and with their prices.

So during the week commencing June 23, the merchants united in this movement agree to refund the fares of all out-of-town customers on these days. The plan met with the approval of practically every leading merchant in Maryville and as a result it will mean one of the biggest trading opportunities ever known in this section.

Mr. and Mrs. E. C. Botkins of Skidmore was a Maryville visitor yesterday.

ENVELOPE PROTECTS IT.

Obvious advantages appear in articles of food packed in germ proof packages, such as fruits or nuts with skins or shells so impervious to germs that the enclosure is practically sterile no matter what happens to the envelope. The phrase at the head of this article is the name applied by an editorial writer in the Journal of the American Medical Association to the ordinary banana, whose skin, he says, is "a protective environment that calls for more than passing mention." The banana, he tells us, while still growing in popularity is still under-estimated in American households, largely because it is eaten when not fully ripe.—Literary Digest.

WANT THE STAMPS SAVED

Post Office Employes Urge Use of High Denomination Postage As Measure of Economy.

The Third Assistant Postmaster General has issued the following:

As a measure of economy postmasters and postoffice employes are directed to encourage the public to use stamps of the highest denominations suited to the amount of postage required on all mail. For example, a 2-cent stamp instead of two 1-cent stamps should be affixed to letters needing 2 cents postage, and a 10-cent stamp instead of five 2-cent should be attached to parcels requiring 10 cents postage. Co-operation between postoffice employes and the public in the sale and use of stamps of the higher denominations will effect a large saving to the Government in the cost of producing, transporting, and canceling them, and will benefit the public in minimizing the number of stamps handled and affixed to mail. This benefit will be especially important to business concerns mailing large quantities of letters and parcels, and postmasters are directed to bring the suggestion particularly to their notice.

Postmasters will cause this suggestion to be published in the newspapers when it can be done without expense to the department. A. M. DOCKERY, Third Assistant Postmaster General.

GERMANS LIKE NETTLES

Weed Cultivated in Enormous Quantities, Both for Food and for Clothing.

Special to The Democrat-Forum.

Munich, June 16.—A food which was much used and liked by the ancient Teutons, but had been forgotten for many centuries, has again appeared on the German tables under the dire necessity of the war time—the nettle.

The weed, which is now cultivated in enormous quantities and has largely replaced cotton for cloth, is cooked like spinach and also used for soups and other dishes. As the plant contains much sugar and chlorophl it has a considerable food value and it tastes better than spinach.

In Sweden, where many of the ancient Teutonic customs have survived nettles have always been eaten, and lately they have been sold canned. In some parts of Southern Germany "nettle dumplings" were formerly considered a delicacy of the spring season.

Mrs. Ida Persons went to Shenandoah, Ia., yesterday to visit for a couple of weeks with relatives.

Mrs. D. F. Shupe, who has been seriously ill for several weeks, is reported unimproved.

DEATH WAS ACCIDENTAL.

Nothing to Show Foul Play in Death of Patrolman James H. Killion.

Nothing important was developed in the case of the death of James H. Killion, the police patrolman whose body was found early yesterday morning on the railroad crossing at Fifth and Hickory streets, at the coroner's inquest late yesterday afternoon. It had been thought by some that the officer might have been the victim of foul play, but the verdict of the jury was that he was killed by a locomotive while attempting to cross the Burlington tracks.

The body will be taken to the family's former home at Mound City, Mo., this afternoon, and the funeral will be conducted there at 10 o'clock tomorrow morning under the direction of the Masonic Lodge of Mound City. Members of St. Joseph police board and the police force raised a fund of $129, which will be presented to the patrolman's widow. A guard of policemen will accompany the body to the train this afternoon.—St. Joseph News-Press.

BRITISH RECRUITING FAST

Most of the New York Recruits Say They Lacked Money to Enlist Before.

Special to The Democrat-Forum.

New York, June 16.—American recruiting records were broken here when the new British recruiting station just opened in lower Broadway enlisted 250 men in a day. There was a swirl of loyal Britons around the offices which made the United States Army officers in a station a few doors away envious.

Most of the recruits said they had not enlisted before because they hadn't the money to get to Canada or Great Britain. Editors, actors, butlers and valets were prominent among the "rookies." A remarkable feature was that only ten per cent of the applicants were rejected. Colin Campbell, an actor, when told he was over age, insisted on "doing his bit" by becoming a clerk in the recruiting office.

Visiting at Osburn's.

Mrs. Virginia Osburn of Richmond, arrived in Maryville this week and will visit for a few days at the home of her son, Prof. W. J. Osburn, and Mrs. Osburn.

E. S. Shupe and O. Bates shipped a car load of hogs to St. Joseph yesterday.

Carl Killion of Gaynor City was a Maryville visitor yesterday.

Mr. and Mrs. J. R. Duvall of Fairfax were in Maryville on business yesterday.

H. E. Ogier of Barnard was in Maryville yesterday.

Mr. and Mrs. Joe Short of Burlington Junction were in Maryville on business yesterday.

PLANT KAFFIR NOW

IS EARLIER MATURING THAN THE OTHER VARIETIES OF DENT CORN.

HAS GOOD FOOD VALUE

Soil Preparation Is About Same As for Corn — Especially Profitable in Dry Season.

When it is too late for corn, plant kaffir. This is a suggestion by the department of farm crops of the Missouri College of Agriculture. Kaffir sorghum is earlier maturing than the ordinary varieties of dent corn and is better able to withstand heat and drouth.

In yield and feeding value kaffir compares favorably with corn. Yields of grain may range from 20 bushels per acre to as high as 75 bushels under exceptional conditions. Yields of silage will usually range between 8 and 12 tons per acre. In feeding value 100 pounds of kaffir grain is considered equal to 80 or 90 pounds of corn.

There are many varieties of kaffir, and other grain sorghums, but the black-hulled white kaffir is usually the best. This variety may be seeded, 4 to 8 pounds per acre, 2 to 4 weeks after corn planting time is past. The plants should stand from 3 to 9 inches apart in the row depending upon soil conditions. Special plates for seeding kaffir can usually be secured for corn planting machinery.

Soil preparation and cultivation for kaffir should be about the same as for corn except that the young kaffir plants are less injured by the harrow or weeder than young corn plants. The common opinion that kaffir is "hard on the land" is due to the cloddy condition of the soil sometimes following the growth of the crop. This condition is caused by the shallow root system of the plant and the exhaustion of the surface moisture. Fall plowing and manuring of kaffir land does much to correct this temporary bad effect.

When the growth of the kaffir or sorghum plants is stunted by dry, hot weather or when a weak second growth occurs, stock poisoning may result if the fields are pastured. This poisoning is due to the formation of prussic acid in the stunted plants. The poison disappears with the return of favorable growing weather or with the curing of the crop as hay or silage.

In sections too dry and hot for the successful growth of dent corn or where for any reason the corn crop is a failure, kaffir may well be used as a substitute.

IN SEARCH OF HIS SON

English Captains Find Body of Slain Boy As Allied Army Advances.

Special to The Democrat-Forum.

London, June 16.—A tragic story of how a father found his son's grave on the battlefield in Northern France has just reached London. Late in March Captain Eldred Wolferstan Bowyer-Bower, of the British Air Corps, went up to make a reconnaissance. Eyewitnesses said he had flown about five or six miles behind the Hindenburg line when he was attacked by six German flyers. The Englishman's machine was seen to fall and nothing more was heard of him.

The British advance came weeks later. In the vanguard was a detachment of Royal Engineers, which included the missing airman's father, Captain T. Bowyer-Bower. The father heard that not far away was a grave marked by a cross made from pieces of a wrecked aeroplane, which bore in pencil the words: "Two unknown captains of the Flying Corps."

Knowing that his son had been brought down close by, he determined to inspect the grave. The number on the remains of the aeroplane convinced him that his son lay buried there. And stuck on to the primitive cross with a piece of mud was a tag of a tunic bearing the name of the London tailor who had made his son's uniform.

Permission was obtained to exhume the body, and the father found that it was that of his son. The bodies were removed to a cemetery a few miles away, and while they were being placed in coffins the Germans shelled and sniped the men engaged in the task.

Mr. and Mrs. J. O. Miller and Mr. and Mrs. J. C. Spahr of Skidmore were guests yesterday of Mr. and Mrs. J. E. James of Maryville.

Visitors at Gex's.

Florin Gex and daughter, Mary Charlotte, of Lipscomb, Tex., arrived in Graham Thursday night for a visit with his parents, Mr. and Mrs. Robert Gex, Sr.

Ladies' Aid Meeting.

The Ladies' Aid society of the First Methodist church met yesterday afternoon at the Epworth League rooms. About twenty members were present. Only a short business session was held.

Eversole's to Entertain.

Mr. and Mrs. Ralph Eversole will entertain the members of the Tuesday Afternoon Bridge club, their husbands and a few other friends at a bridge party given tonight at their home on South Buchanan street.

Mrs. Florence Ibbs Married.

A wedding of interest to her many Maryville friends was that of Mrs. Florence Ibbs and Mr. Edward Cunningham, which took place Saturday, June 9, at Ferguson, Mo. The bride, who was formerly Miss Florence Bovard, is a sister of Oliver K. Bovard of Maryville.

Mrs. Hooker, Hostess.

Mrs. Hal Hooker, assisted by Mrs. C. D. Hooker, entertained four tables of dominoes this afternoon at her home on North Main street. A pink and white color scheme was appropriately used, and refreshments were served by the hostesses, assisted by Miss Halcyon Hooker, Miss Rita Crews, and Miss Wiley Ecton.

For Wedding Anniversary.

Mr. and Mrs. O. C. Wallace entertained with a three-course dinner last night at their home in honor of their seventh wedding anniversary. Mrs. Wallace was assisted in serving by Mrs. M. L. Powell. Those present were: Mr. and Mrs. Lester Sipes, Mr. and Mrs. W. G. A. Edwards and daughter, Augusta, Ross Humberd, Mrs. M. L. Powell, John Curtis Wallace and the host and hostess.

To Spend Summer Here.

Miss Mary Josephine Honnold of Chicago, arrived in Maryville Wednesday to spend the summer with her grandmother, Mrs. Mary J. Honnold and her aunt, Mrs. George P. Bellowa. Miss Honnold is entertaining with a week-end house party. Miss Bernice Crawford, of Horton, Kan., and Miss Marion Sanders are her guests.

Miss Honnold's mother, Mrs. F. C. Honnold and little daughter, Virginia, will arrive in Maryville Tuesday for an extended visit.

Swaney's Entertain.

Mr. and Mrs. G. H. Swaney entertained Thursday night at their home east of Pickering, in honor of their daughter, Mrs. A. W. Smith and her two sons, Albert and George, who left on Friday for their home in Hitchcock, S. D. The evening was spent playing games, after which ice cream and cake were served by the hostess. The guests included: Mr. and Mrs. W. A. Loch and children, Earl, Chloe and Glenn, Mr. and Mrs. John Godsey and son, Elbert, Mr. and Mrs. Byron Hanna and daughter, Loreta, Mr. and Mrs. W. A. Swaney and sons, Herbert and Lester, Mrs. W. R. McKee and daughter, Lois, Mr. and Mrs. G. H. Swaney and children, Everett, Esther, Elma, Roy and Marguerite, and Merle Colman.

Tobin's Entertain.

Mr. and Mrs. T. J. Tobin entertained with a party last night at their home near Burlington Junction in honor of the birthday anniversary of their son, James. Various games and music entertained the guests. Refreshments were served by the hostess. The guests were: Mr. and Mrs. James Messbargar, Mr. and Mrs. Ed Cummins and Mr. and Mrs. Emmett Cummins of Burlington Junction, Tom, Martin and Ella Farrell and Christina Waldier of Parnell, Irene and Florence Corcoran, Dorothy and Sam Allen, Harold and Cornelius McManus, Laura and Christina Berg and James Brady of Conception, Golda and Hazel Pope, Raymond Murrin, Florence Vaughn, Marguerite Cummins, Beatrice Growney, Mary and Helen Tobin, John Vaughn, Thomas Tobin, Lee and Fred O'Riley of Maryville, Will Cummins, Robert Tobin, Katherine, Irene, Edward and Francis Tobin, Mayme and Gerald Cummins of Burlington Junction, the honor guest and the host and hostess.

Burks-Hackett Wedding.

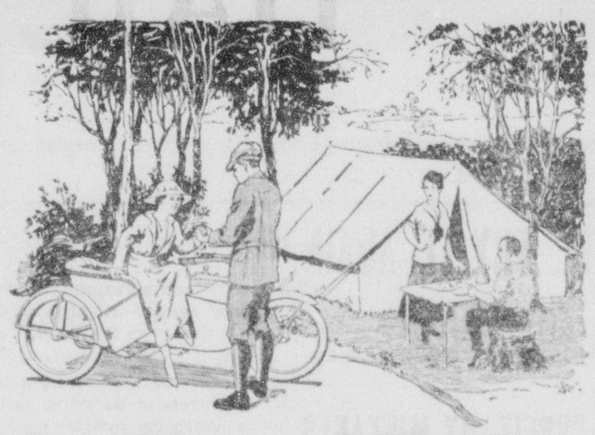
At the country home of Mr. and Mrs. William Burks, near Pickering, early this morning at 6 o'clock a very quiet and beautiful wedding was solemnized, when their daughter, Hazel, and Erma Hackett took the marriage vows, the Rev. E. H. Hutchison of Pickering officiating. Only the immediate families witnessed the ceremony. Their pastor proceeded them to the altar as the bride's sister, Mrs. Howard Null, played the Lohengrin Wedding march. During the ceremony the Rose Melody was played softly. The bride wore a beautiful dress of green taffeta with white kid gloves, boots and hat, and carried an arm bouquet of roses and lilies of the valley. Following the ceremony the bride and bridegroom led into the dining room where a delicious three-course wedding breakfast was served, the color scheme of pink and white being carried out. In the center of the table was a cut glass basket filled with beautiful pink and white roses. Roses, ferns and peonies were used throughout the house in artistic decorations. The couple took the train at Burlington Junction for St. Joseph, Kansas City and other points. They will be at home to their friends after July 1, at the home of the bridegroom's parents, Mr. and Mrs. George Hackett, near Pickering.

Mr. and Mrs. Hackett have many friends who will wish for them a long and happy life.

Division "B" Gives Musicale.

About fifty persons attended the musicale given yesterday afternoon at the Christian church by Division "B" of the Ladies' Aid society. The small tables at which refreshments of ice cream; strawberries and cake were served were centered with flowers. Lora Mae Crossan sang a solo, and several selections were played on the victrola. The most interesting part of the program was the opening of the mystery box. This box was sent from house to house with samples of handkerchiefs, collars and various other articles with which to please and delight a woman's fancy. Each woman left an order in the box for what she wanted and this order was filled by Mrs. Hosea Torrance. At the opening each woman paid for and received her order. This money will be used for the benefit of the missionaries. A silver offering was also taken at the door. Those in charge of the entertainment were: Mrs. James B. Robinson, Mrs. Hosea Torrance, Mrs. Luther Forsyth, Mrs. Edward Wright Gray and Mrs. L. G. Crossan.

Joe Trullinger of the Harmony neighborhood was a Maryville visitor yesterday.



Get a Motorcycle This Year

IF you are fond of hunting or fishing you know that the best sport is to be had in those sections which are not reached by the railroads.

Most of these places are easily accessible to the owner of a

Harley-Davidson

Besides being able to reach your favorite outing grounds at *less cost* you will be *independent of time tables,* and you can go and come *as you please,* if you have a motorcycle.

If you want to take a companion with you, you can attach a sidecar and the transportation cost will be about one-fourth as much as railroad fare for two.

The 1917 Harley-Davidson motorcycle is the greatest motorcycle we have ever seen. It's a beauty, and has more power and speed than you will ever have to use.

Get in touch with us now—don't put it off. We want to show you what the Harley-Davidson will do, and we can arrange terms to suit your convenience. There will be absolutely no obligation to buy.

HURRYING FOOD BILLS.

Special to The Democrat-Forum.

Washington, June 10.—The senate agriculture committee responded to the president's desire for quick action on the food legislation today by agreeing to report the Lever food control bill without recommendation in exactly the same form as recommended by the house agriculture committee. It will be laid before the senate some time this afternoon.

GHETTO PROTESTS DRAFT.

Special to The Democrat-Forum.

New York, June 16.—Two hundred women of the Ghetto this afternoon stormed the City Hall to give protest to the mayor against the conscription law. The police reserves were called and when the police attempted to drive the women back, they were attacked, hatpins being used. Several police were injured. Three women were arrested.

WATERS TO REPRESENT KANSAS.

Special to The Democrat-Forum.

Topeka, June 16.—The governor named Henry J. Waters chairman of the state council of defense to represent Kansas in the conference at Washington to consider plans connected with the cantonment camp at Fort Riley.

AMERICAN SCHOONER ATTACKED.

Special to The Democrat-Forum.

Washington, June 16.—The consular report to the state department today told of an attack on the American schooner, Ritter, by a German submarine. The vessel was damaged by shell fire, but not sunk. It was towed to an unnamed port.

TORPEDO SINKS TRANSPORT.

Special to The Democrat-Forum.

Paris, June 16.—Official announcement was made today of the sinking of the transport, Annam, by a torpedo in the Ionian Sea. She was under escort. There were no casualties.

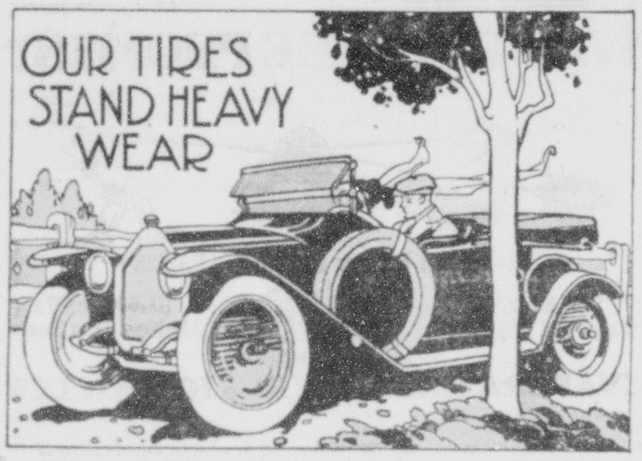
Dave Phillips Worse.

Dave Phillips, who has been ill for several weeks, is reported in a very serious condition.



No Matter How Powerful or Steady Your Engine is, your Auto is a nuisance if it Has Poor Tires

The first problem is to select good tires, take care of them and to get them repaired when needed. When something happens and your tires do go wrong, the next thing is to have them REPAIRED RIGHT.

We have the BEST EQUIPPED tire repair shop in Northwest Missouri and the only re-treading machine.

Do not be mis-led into believing that SEWING TIRES TOGETHER is re-treading. Sewing tires is a harness maker's job—not a tire man's. We will be honest with you—if your tire is not worth repairing, we will tell you. Our eleven years experience should place us in a position to know.

Inspiration Miscellany

On Having Initiative

Matthew C. Brush was once a Chicago newsboy. Today he is the president of the Boston Elevated railroad. In an article by Alfred Grunberg in the American Magazine we read:

"The qualities that stand out the strongest in his own amazing career are the qualities which Matt Brush demands most emphatically in his men.

"'What can an employee do to attract your attention the most quickly and surely?' I asked him.

"'Show initiative,' he replied instantly. 'Without initiative any man will have a rocky, uphill road, with poor pickings all along. One of the greatest of all handicaps is the fact that it is easier to let other men think for you than to think for yourself.

"'One of our crane operators was going home around 6 o'clock in the evening when a five ton girder dropped on the track from a big six horse truck. The girder blocked the track completely and tied up traffic.

"'Now, this man was off duty. He couldn't have been censured if he had said to himself: "This is none of my business. I've done my day's work and I'm through. Let the night force attend to it."

"'Instead, he called up the roadmaster of the surface line, told him what had happened and asked permission to get a crane from the yards and clean up the obstruction. In an hour this man had cleared the track, whereas if he had gone on home it would have taken three or four hours to do it. Having initiative, doing things—that is what clears the road to success.'"

Self Mastery.

Remember that in life you ought to behave as at a banquet. Suppose that something is carried round and is opposite to you. Stretch out your hand and take a portion with decency. Suppose that it passes by you. Do not detain it. Suppose that it is not yet come to you. Do not send your desire forward to it, but wait until it is opposite to you. Do so with respect to children, so with respect to wealth, and you will be some time a worthy partner of the banquets of the gods. But if you take none of the things which are set before you and even despise them then you will be not only a fellow banqueter with the gods, but also a partner with them in power.—Epictetus.

Profit In Opposition

I love a strong and manly familiarity in conversation, a friendship that flatters itself in the sharpness and vigor of communication. It is not vigorous and generous enough if it be not quarrelsome, if civilized and artificial, if it treads nicely and fears the shock.

When any one contradicts me he raises my attention, not my anger. I advance toward him that controverts, that instructs me. The cause of truth ought to be the common cause both of one and the other.

I embrace and caress truth in what hand soever I find it and cheerfully surrender myself and my conquered arms as far off as I can discover it and, provided it be not too imperiously, take a pleasure in being reproved and accommodate myself to my accusers, very often more by way of civility than amendment, loving to gratify and nourish the liberty of admonition by my facility of submitting to it.

In earnest, I rather choose the frequentation of those that ruffle me than those that fear me. 'Tis a dull and hurtful pleasure to have to do with people who admire us and approve of all we say.—Thomas Fuller.

HAZEL DAWN TONIGHT.

After Completing a Successful Starring Season on the Stage She Returns in the Films.

Hazel Dawn, who recently completed her successful starring tour in "The Debutante," and who, it will be pleasantly recalled, made her debut in motion pictures in "One of Our Girls," a former Famous Players production, in which she sprang into immediate international popularity as a film favorite, returns to the screen in an elaborative 5-part photo-adaptation of the famous stage success, "Niobe," by Harry and Edward A. Paulton. "Niobe" is the comedy of a Greek statue that comes to life and has a great deal of amusement—and some sorrow. This picture will be shown at the Empire Theatre tonight.

George B. Baker and George Robb Ellison returned this morning from Jefferson City.

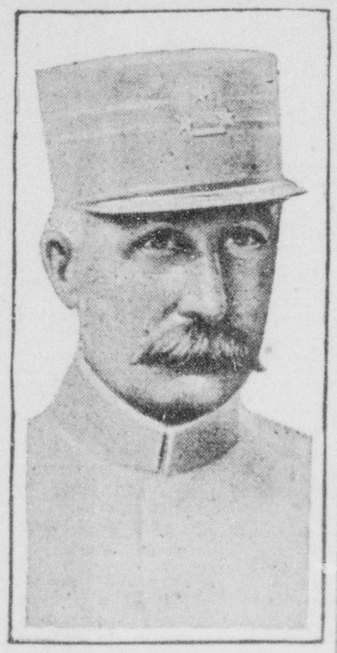
Draft Card From Canada.

The registration card of Richard Kuchs of Toronto, Can., son of Mr. and Mrs. R. Kuchs of this city, was received today by County Clerk Fred Yeomans. The card was made out before the U. S. Consul at Toronto.

Guy Horne of Elmo was brought to the St. Francis hospital this morning where he underwent an operation. He is in a critical condition.

General Petain, New French Chief of Staff

General Petain, who has been appointed chief of staff of the French army, commanded the French forces defending Verdun during the critical stages of the battle in February and March,



GENERAL PETAIN.

1916. It is said that General Nivelle, whom he succeeds, is thoroughly satisfied with the new conditions.

Henri Philippe Petain is sixty-one years old and is said to look fifty. Like many another general in the present war, he is a discovery of Marshal Joffre. At the beginning of the war he was a retired colonel, noted for his virile character and his technical knowledge. Joffre made him a brigadier general. With that rank he took part in the terrible retreat from Charleroi in the early weeks of the war. He then passed rapidly through the grades of divisional general, army corps commander and finally army commander.

Smartly Said

Charity in the form of a fad is better than none at all.

The feeble chaps who really need canes hate to carry them.

Satan has no temptation that is so difficult to resist as graft.

One may often profit by failure—if the receiver does not want it all.

The propensity to argue is evidence of conceit.

As a rule the traitor always has a sanctimonious face.

In profanity it is not so much what one says as the manner in which it is uttered.

The gentleman full of war talk generally has a lame shoulder when it is time to pick up the musket.

Mother's Doll Story

The Daisy Doll

Once upon a time a little bit of a girl had measles. Her name was Fanny, and measles meant that she had to stay in bed a lot of days, be read aloud to and swallow all kinds of milk.

It also meant that Fanny got lots of nice picture books, a new wax doll, two sets of teacups and a new dress. Don't you wish every little sick girl got as many presents?

One day in came Fanny's brother with a handful of daisies. Fanny was almost well by this time, and her brother had had measles. So he was allowed to put his hand in the door and throw the daisies right on to Fanny's bed.

"Oh, look, mamma!" cried Fanny, and she picked up all the daisies. It was almost as much fun as picking them in a meadow.

Then Fanny's mamma did a clever thing.

"How would you like a daisy doll, Fanny?" she asked.

She then took a pair of blunt scissors and clipped the daisy petals, all but two. These were left for cap strings, and the cut petals made the frill of the cap. Then, with pen and ink she made a cute little face, right on the middle of the yellow center. And soon Fanny had a whole handful of daisy dolls. If you don't believe it try a daisy and see for yourself.

A Feat With the Feet.

Place a cork upon the floor. Measure four lengths of your foot from it and, standing at this distance, attempt with one foot to kick the cork over and recover position (both feet together) so that the foot that does the kicking does not touch the floor till it has returned to its mate. The efforts of any one trying to maintain a balance in performing this stunt will arouse considerable mirth.

Enigma.

My whole is a Hindu god whose name contains ten letters.
My 7 9 10 is a kind of fruit.
My 10 8 7 is to convert into leather.
My 7 5 10 is to capture or entangle.
My 3 9 7 is a weapon.
My 1 2 3 is an earthen vessel.
My 6 2 7 is a rapid pace.
Answer — Juggernaut. Words — Nut, tan, net, gun, jug, run.

COMBATTING FLIES

"DOMESTIC HOUSE FLY" IS REALLY AGENT OF TYPHOID.

WAY TO RID THE HOUSES

True Way of Approaching Problem Is to Prevent Breeding By Destroying Breeding Places.

Columbia, Mo., June 16.—"The fly season is with us once again. Fly swatting has already begun in this section of the country, and would be more under way except for the cold and damp spring which prevailed in our state," Dr. M. P. Ravenel of the department of preventive medicine of the University of Missouri says.

"Remember that insects carry diseases and that one of the worst is the so-called 'domestic fly,' which many people think should be renamed the 'typhoid fly.' The fly is a scavanger. It begins its life in filth, and throughout its existence is constantly feeding on filth. Unfortunately, it is not selective, and after feeding in a spittoon or garbage barrel will make its next meal in the dining room or on the baby's bottle or lips. Its body is covered with hairs, its feet end in claws, and if examined under the magnifying glass it appears ideally formed to pick up and carry filth.

"The true way of approaching the problem of the fly nuisance is to prevent breeding," Dr. Ravenel says. "Flies breed by preference in horse manure. This material should be the first object of our care. Within a few minutes after the dropping of the manure flies will deposit their eggs in it. If it is dried rapidly or buried deeply as fertilizer the hatching of the eggs is prevented. This is often not possible. Various attempts have been made to discover a cheap and efficient way of treating manure so as to prevent the hatching of eggs. One of the best methods is set forth by the U. S. Department of Agriculture, which consists in sprinkling the manure with powdered hellebore.

"For household use, fly poisons are to be recommended. The two best of these are formaldehyde and salicylate of soda, either one of which can be used in 1 per cent solution. For household use the salicylate of soda, the medicine largely used in rheumatism, can be used by dissolving three teaspoonfuls in a pint of water. This is speedily fatal to the flies and is not poisonous for children or animals. Besides it is more attractive to flies especially if a little sugar is added."

We desire to extend our heartfelt thanks to our friends and neighbors for the kindness and sympathy shown us during the illness and death of our mother, Mrs. Minerva Baker.
